Apartments in Dubai – project HOLM, Jumeirah Garden City

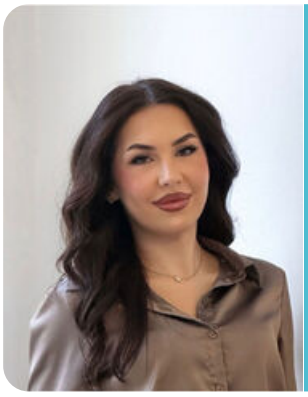

Localities
18b street, Dubai

8 500 000 Kč

We offer modern apartments for sale in the upcoming residential project HOLM, located in the highly attractive Jumeirah Garden City area in the heart of Dubai. This location is considered one of the most desirable both for owner-occupiers and, in particular, for investment purposes, thanks to strong and consistent rental demand. The project offers fully furnished apartments that will be ready for immediate use or rental upon completion significantly reducing initial investment costs and allowing for a quick market launch. A major advantage of the project is its highly flexible payment plan. Only 35% of the purchase price is payable during construction, with the remaining 65% due upon handover. This structure is cash-flow friendly and provides investors with greater financial flexibility. Project completion is scheduled for Q2...
