We are offering the exclusive residential project, The Meriva Collection, by the renowned developer Ellington, located in the prestigious Dubai Islands – Island B. This island represents the most exclusive part of the entire Dubai Islands master development and is designed as a gated, private, and fully private residential community. The project is situated directly on the waterfront and offers a private beach with access exclusively for residents. Thanks to the low-density development, the majority of units enjoy unobstructed sea views, significantly enhancing both living comfort and the property's long-term investment value. The Meriva Collection consists of six buildings of varying heights. It offers residences ranging from 2kk-5kk, including the exceptional Signature Collection, which features a limited number of ultra-luxury...
